

Dear Triad Team Families,

I would like to update everyone regarding new policies that will be implemented as we move closer to being allowed to reopen. While we have no definitive timetable, nor do we know how our business will be classified by the IDPH, we are hopeful to be included in the gym classification. Upon being allowed to reopen we have chosen to take a very conservative approach and structure our plans based on safety and staying open. We will continue to follow public health recommendations and hope our Triad families do the same.

We understand that not everyone will choose to return at this time. As mentioned, your athlete's spot on team is guaranteed. Tuition will be required upon return to workouts and will be prorated based on the new (temporary) hours. Surcharge will commence in June on a regular payment basis. As a reminder; before returning to Triad please take into consideration any potential contamination from close contact with friends/family. If you or anyone in your immediate family has been sick (fever, sore throat, cough) please stay home. Please e-mail Rachel at thompson.rachel929@yahoo.com if you choose to not return when we reopen.

The attached document lays out the tentative policies that will be in place upon reopening. They are subject to change as we move forward in this environment. As we get more direction from IDPH, necessary changes in the policies will be sent to you by your child's coach.

Here is the basic plan for the initial phase with competitive teams only: (We expect the initial phase to run 2 weeks at a minimum)

- Before returning to the gym, all team families will have to print and re-sign the team registration form and waiver. This new form allows us to take your child's temperature and agrees to other items related to COVID. These are minor changes but please read before signing. If you choose not to sign the new form, your child will not be allowed to return to practice.
- Practice days and/or times will be limited initially. This is based on the advice of epidemiologists to help prevent contact spreading.
- Athletes will be assigned to practice slots with the same athletes and coach each day. This will limit the circle of people everyone is around.

Please rely on updates posted to the Iowa Department Public Health website: www.idph.iowa.gov or the CDC website: <https://www.cdc.gov/coronavirus/2019-nCoV/summary.html> for the most accurate and timely information on the virus.

You can also call the IDPH COVID-19 Hotline at 1-866-834-9671

Thank you for your support and understanding as we work through this ever-evolving time. We will be relying heavily on guidance from IDPH and CDC and will do our very best to make good decisions for our students and staff based on their recommendations. As new information comes forward, we will continue to update you as needed.

Dan Miller
General Manager and Head Coach
